MAYOR TONY E. MARQUEZ JR. CONTACTS CITY COUNCIL REGARDING VACANT CITY MANAGER POSITION

LAS VEGAS, NM - Mayor Tony E. Marquez Jr. has contacted each member of the council to solicit their input and recommendations in the immediate search for a city manager. Anybody who is interested in seeking the city manager position should contact the Mayor's office and the members of city council preferably by Monday, December 22, 2008.

Currently, the City of Las Vegas is operating smoothly and efficiently as a management team consisting of the mayor and two long-term veterans of city government, Elmer Martinez and Carlos Ortiz, guides it. During the city council meeting on December 17, 2008, Marquez has pledged to continue to include the involvement of the city council in the recruitment process of the city manager.

Marquez said, "We will continue to work hard and feverishly in search of the best qualified individual to be our next city manager. I encourage interested individuals with broad municipal experience to contact council members and myself."

"This past week has been a smooth one under the leadership and teamwork of Carlos and Elmer," Marquez said. "I personally want to thank them for upholding their commitment to accountability, results and prioritizing customer service to our citizens."
